

SOCIAL DISTANCING

Social Distancing

“We would like to remind all customers to be mindful of the social distancing rules that have been put in place by the British government. It is recommended that you avoid close contact with others and distance yourself at least 2 metres away from other people.”

“We would like to remind all customers to adhere to the government social distancing guidelines, by maintaining at least 2 metres of space between yourself and others whilst in the centre. This should include when queuing at checkouts and speaking to staff in our stores as well as walking through our malls. In addition, please be cautious and try to adhere to the social distancing guidelines when using any of our lifts and limit the number of people to an absolute minimum in each lift. Thank you for your cooperation.”
